COVID-related Safety and Health Protocols

To help protect all our patients and staff members, please kindly follow these precautions:

A. Prior to entry

- A. Wear a **face mask** and keep it on at all times (except children under 2 years old)
- B. Wait in line and keep a social distance of 6-feet from other families

B. Staff member will come out

- A. Forehead **temperature check**
- B. Anyone with symptoms of COVID-19 will be sent home
- C. Hand sanitizer upon entry

C. Patient only without siblings

- A. 1 parent/guardian for child patient, 1 family member and/or caretaker for individual with special needs, 1 interpreter, etc. (Please let us know in advance if there are any exceptional needs)

D. Other reminders

- A. If you arrive earlier than 10 minutes prior to your appointment time, please send us a text message and await instructions.
- B. No food or drinks in the office (other than water bottles)

IMPORTANT: If you are scheduled to come to our office and within the past-5-7 days of the appointment you have been experiencing any symptoms, been in close contact with anyone with COVID, traveled internationally, or been on an airplane, please inform us immediately.

Please speak with our Clinic Director or Assistant Clinic Director if you have any questions.

COVID-related Health Precautions

The safety and health of our patients and staff members is our highest priority.
Therefore, the following precautions are implemented in our office:

A. Social Distancing

1. 6-foot physical distance between groups of reception chairs
2. Plexiglass barrier between our front desk staff members
3. No-touch payment options (Apple Pay, Samsung Pay, Google Pay)

B. Protective Barrier

1. Installed at the front office
2. Available as needed all vision therapy desks

C. Screening for Illness

1. Forehead temperature check for all staff and patients upon entry
2. Any patient or staff with symptoms of illness will be sent home

D. Disinfection (with Lysol Spray/Wipes, Alcohol \geq 70%, or Soap/Water)

1. Hand sanitizer for all staff and patients upon entry
2. Hand washing by all doctors and staff prior to patient care
3. Disinfection of all equipment after each patient
4. Disinfection of all frames tried on by each patient

E. Facial Coverings

1. All our doctors and team members will be wearing facemasks prior to entry
2. All patients/family members wear facemask when prior to entry

F. Air Quality

1. HEPA Air-filter units with UV-disinfection in each room to maximize air quality

G. Vision Therapy Sessions

1. All equipment is disinfected after each patient
