

Center for Vision Development Optometry Inc.

COVID-related Safety and Health Protocols

To help protect all our patients and staff members, please kindly follow these precautions:

A. Upon arrival in parking lot

- A. send us a text to **(626) 869-4059** (with the patient name saying arrived) and await instructions from staff

B. Prior to entry

- A. Wear a **face mask** and keep it on at all time (except children under 2 years old)
- B. Wait in line and keep a social distance of 6-feet from other families

C. Staff member will come out

- A. Forehead **temperature check**
- B. Anyone with possible symptoms and risk factors of COVID-19 will be sent home
- C. Hand sanitizer upon entry

D. Patient only without siblings

- A. except 1 parent or guardian for children, 1 family member or caretaker for individual with special needs, 1 interpreter, etc. (please let us know if there are any exceptional needs)

E. Vision therapy parents are asked to wait in car or the lobby areas (outside the office)

- During the child's vision therapy session and return on-time at the suggested time (free lower-level covered parking opens from Monday-Friday)

F. Other reminders

- A. Please do not arrive 10 minutes earlier than the time we suggested
 - Please send us a text and await instructions from staff after parking
- B. No food or drinks in the office (other than water bottles)

IMPORTANT: If you are scheduled to come to our office and within **the past 14 days** you have been experiencing any symptoms, been in close contact with anyone with COVID, traveled internationally, or been on an airplane, please inform our staff immediately to reschedule your appointment.

Please speak with our Clinic Director or Assistant Clinic Director if you have any questions.

COVID-related Health Precautions

**The safety and health of our patients and staff members is our highest priority.
Therefore, the following precautions have been implemented:**

G. Social Distancing

1. At least 6-feet physical distance at the line outside the office before entry
2. At least 6-feet physical distance between groups of reception chairs
3. At least 6-feet physical distance and/or physical barrier between staff members
4. No-touch payment options (Apple Pay, Samsung Pay, Google Pay)

H. Protective Barrier

1. Installed at the front office
2. Installed on all vision therapy desks

I. Screening for Illness

1. Forehead temperature check for all staff and patients upon entry
2. Any patient or staff with possible symptoms of illness will be sent home

J. Disinfection (with Lysol Spray/Wipes, Alcohol \geq 70%, or Soap/Water)

1. Hand sanitizer for all staff and patients upon entry
2. Hand washing by all doctors and staff prior to patient care
3. Disinfection of all equipment after each patient
4. Disinfection of all frames tried on by each patient
5. Disinfection of bathroom keys prior to and after each use

K. Facial Coverings

1. All our doctors and team members will be wearing facemasks prior to entry
2. All patients/family members will need to wear their own facemask prior to entry

L. Modified Scheduling

1. A modified patient schedule is in place
2. A modified staff schedule is in place

M. Air Quality

1. HEPA Air-filter units with UV-disinfection are placed in each room to maximize air quality

N. Vision Therapy Sessions

1. Each patient will be provided with one new eye patch, paper Polarized glasses, and/or paper Red-Green glasses for use during Vision Therapy
2. Each patient will be placed in own partitioned area and there is also a plexiglass physical barrier on each desk
3. All equipment are disinfected after each patient
